

# launch

READY TO LAUNCH: CEIE STUDENTS PRE-BOARD THEIR FIRST CONCRETE CANOE.

Twenty-five years ago, civil engineers in practice in the heart of Northern Virginia had a vision. They understood the need for civil engineering education right in their midst. Then they acted on it. The Sid and Reva Dewberry Department of Civil, Environmental, and Infrastructure Engineering is the result of their shared vision, their enduring advocacy, and their commitment.

Partner with us as we expand that vision. Open a door with a scholarship for an eager undergraduate. Fund a distinguished fellowship to recruit a graduate student who will push engineering science forward. Make a gift to our laboratory that has transformed students' educational experience. Support a student-driven activity that pulls together education, imagination, excitement, and leadership. Join in building a fund that supports high-risk high-return faculty research and education endeavors.

**Help us launch that new engineer.**
